Subject: Restore and Explore Weekend: Service and Camping at Birchthis weekend 11/7-11/9

All,

I've been telling the boys, and sent out an email several weeks ago discussing Restore and Explore weekend at Camp Birch. This is an annual opportunity to do some work to enhance the camp, and for the boys to get service hours and some additional camping in at no (camping) charge. OA Members--an opportunity for camping AND cheerful service!

This year we're signed up to do invasive species (mainly Honeysuckle) removal around the Wyandot campsite. We've adopted Wyandot, so let's get out and make it look as good as we can. There's likely (certain) to be some other projects in the site as well.

We'll be camping from Friday evening about 6PM to Sunday morning about 10AM. Drop off and pick-up at Birch. (Preferably at the campsite). I will have consent forms there for parents/guardians to sign.

Just bring their camping gear, warm (apparently it's November in OH) clothes (and a change of clothes as well), and work gloves.

I have a short list of Scouts and adults that signed up on the sheets in the Scout Hut. If you or your Scout want to attend and didn't put your names on the list, please send me an email so I know how many to have food for. Food costs should be in the \$10-\$15 range, menu is TBD.

See you Friday evening!

Evan James
