**Subject:** Crew 71 Needs Your Support

All,

The crew needs some more interest to be able to re-charter next month.

If your Boy Scout is 14 or older, or has a sister between 14 and 21 who likes "Scout" stuff, then please consider registering them with Crew 71. For the boys in the troop, it's a secondary registration, so basically gives them the opportunity to do MORE stuff if they want. If your daughters are interested in the Venture Crew but haven't found the time, now would be a really good time. If you're still getting Troop emails, and have a son who aged-out of the Boy Scouting program but is still under 21, this could be another way for them to be involved and keep doing "Scout stuff".

Evan James
