Subject: Tomahawk Return Update: Early Return

Hey All,

We've arrived at the campsite, and having evaluated the conditions (soggy) and the impending line of severe storms, we've made the collective decision to press on to Beaver Creek.

We intend to deliver the boys to their homes, without their gear, when we get in. That's probably midnight tonight.

Gear unload, etc will be tomorrow at the Scout Hut at 3PM.

Anyone with issues of which I need to be aware, please email the Scoutmaster.Troop71@gmail.com address.
